

FCC Indiana and Korean Focus-Indiana are pleased to welcome

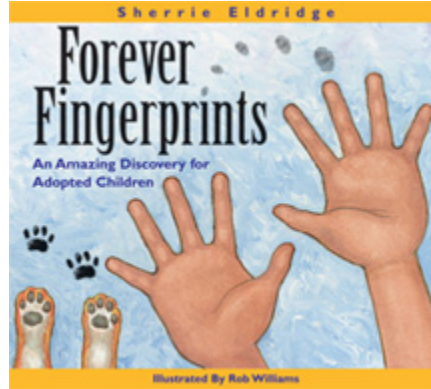

Sherrie Eldridge

Author of *Twenty Things Adopted Kids Wish Their Parents Knew*

to read and discuss her new children's book

Forever Fingerprints uses a common occurrence—a relative's pregnancy—as a springboard for discussions on birthparents, where adopted children are before they are born, and how that makes one little girl feel about it.

Sherrie Eldridge, an adult adoptee herself, has been named by ClubMom as one of their Adoption Experts. Her interviews have been published in *The Wall Street Journal*, *WebMD*, and *Parents Magazine*. As President of the award-winning non-profit educational organization *Jewel Among Jewels Adoption Network, Inc.*, Sherrie offers five online free adoption workbooks, coloring projects for kids, and eight years of archived newsletters.
